These meetings may be conducted virtually.

b. Within 30 Working Days after each quarterly meeting, the Parties must each post on its website the date and time the quarterly meeting occurred, and, as applicable, distribute to meeting participants a summary of any follow-up action items or changes to processes that are necessary to fulfill the Parties’ obligations under the Medi-Cal Managed Care Contract, the MHP Contract, the DMC-ODS Intergovernmental Agreement and this MOU.

c. The Parties must invite the other Party’s Responsible Person and appropriate program executives to participate in quarterly meetings to ensure appropriate committee representation, including local presence, to discuss and address care coordination and MOU-related issues. The Parties’ Subcontractors and Downstream Subcontractors should be permitted to participate in these meetings, as appropriate.

d. The Parties must report to DHCS updates from quarterly meetings in a manner and frequency specified by DHCS.

e. **Local Representation.** MCP must participate, as appropriate, in meetings or engagements to which MCP is invited by MHP, such as local county meetings, local community forums, and MHP engagements, to collaborate with MHP in equity strategy and wellness and prevention activities.

11. **Quality Improvement.** The Parties must develop QI activities specifically for the oversight of the requirements of this MOU, including, without limitation, any applicable performance measures and QI initiatives, including those to prevent duplication of services, as well as reports that track referrals, Member engagement, and service utilization. For MHPs, such QI activities must include processes to monitor the extent to which Members are able to access mental health services across SMHS and NSMHS, and Covered Service utilization. The Parties must document these QI activities in policies and procedures.

12. **Data Sharing and Confidentiality.** The Parties must establish and implement policies and procedures to ensure that the minimum necessary Member information and data to accomplish the goals of this MOU are exchanged timely and maintained securely and confidentially and in compliance with the requirements set forth below to the extent permitted under applicable state and federal law. The parties will share protected health information (“PHI”) for the purposes of medical and behavioral health care coordination pursuant to Welfare and Institutions § 14184.102(j), Cal. Code Regs. tit. 9, Section 1810.370(a)(3), and to the fullest extent permitted under the Health Insurance Portability and Accountability Act and its implementing regulations, as amended (“HIPAA”), and 42 Code Federal Regulations Part 2, and other State and federal privacy laws. For additional guidance, the Parties should refer to the CalAIM Data Sharing Authorization Guidance.⁴

a. **Data Exchange.** Except where prohibited by law or regulation, MCP and DMC-ODS/MHP must share the minimum necessary data and information to facilitate referrals and coordinate care under this MOU. The Parties must have policies and procedures for supporting the timely and frequent exchange of Member information and

data, including behavioral health and physical health data; for ensuring the confidentiality of exchanged information and data; and, if necessary, for obtaining Member consent, when required. The minimum necessary information and data elements to be shared as agreed upon by the Parties, are set forth in Exhibit B of this MOU. To the extent permitted under applicable law, the Parties must share, at a minimum, Member demographic information, behavioral and physical health information, diagnoses, assessments, medications prescribed, laboratory results, referrals/discharges to/from inpatient or crisis services and known changes in condition that may adversely impact the Member's health and/or welfare. The Parties must annually review and, if appropriate, update Exhibit B of this MOU to facilitate sharing of information and data. DMC-ODS/MHP and MCP must establish policies and procedures to implement the following with regard to information sharing:

i. A process for timely exchanging information about Members eligible for ECM, regardless of whether the DMC-ODS/Specialty Mental Health provider is serving as an ECM provider;

ii. A process for DMC-ODS/MHP to send regular, frequent batches of referrals to ECM and Community Supports to MCP in as close to real time as possible;

iii. A process for DMC-ODS/MHP to send admission, discharge, and transfer data to MCP when Members are admitted to, discharged from, or transferred from facilities contracted by DMC-ODS/MHP (e.g., residential SUD treatment facilities, residential SUD withdrawal management facilities, psychiatric inpatient hospitals, psychiatric health facilities, residential mental health facilities), and for MCP to receive this data. This process may incorporate notification requirements as described in Section 9(c)(4);

iv. A process to implement mechanisms to alert the other Party of behavioral health crises (e.g., DMC-ODS alerts MCP of uses of SUD crisis intervention, MHP alerts MCP of Members' uses of mobile health, psych inpatient, and crisis stabilization and MCP alerts MHP of Members' visits to emergency departments and hospitals); and

v. A process for MCP to send admission, discharge, and transfer data to DMC-ODS/MHP when Members are admitted to, discharged from, or transferred from facilities contracted by MCP (e.g., emergency department, inpatient hospitals, nursing facilities), and for DMC-ODS/MHP to receive this data. This process may incorporate notification requirements as described in Section 9(c)(4).

b. Behavioral Health Quality Improvement Program. If DMC-ODS/MHP is participating in the Behavioral Health Quality Improvement Program, then MCP and DMC-ODS/MHP are encouraged to execute a DSA. If DMC-ODS/MHP and MCP have not executed a DSA, DMC-ODS/MHP must sign a Participation Agreement to onboard with a Health Information Exchange that has signed the California Data Use and Reciprocal Support Agreement and joined the California Trusted Exchange Network.

c. Interoperability. MCP and DMC-ODS/MHP must exchange data in compliance with the payer-to-payer data exchange requirements pursuant to 45 Code of Federal Regulations Part 170. MCP must make available to Members their electronic

health information held by the Parties and make available an application program interface that makes complete and accurate Network Provider directory information available through a public-facing digital endpoint on MCP's and DMC-ODS's/MHP's respective websites pursuant to 42 Code of Federal Regulations Section 438.242(b) and 42 Code of Federal Regulations Section 438.10(h). The Parties must comply with DHCS interoperability requirements set forth in APL 22-026 and BHIN 22-068, or any subsequent version of the APL and BHIN, as applicable.

13. DMC-ODS Dispute Resolution.

a. The Parties must agree to dispute resolution procedures such that in the event of any dispute or difference of opinion regarding the Party responsible for service coverage arising out of or relating to this MOU, the Parties must attempt, in good faith, to promptly resolve the dispute mutually between themselves. The Parties must document the agreed-upon dispute resolution procedures in policies and procedures. Pending resolution of any such dispute, MCP and DMC-ODS must continue without delay to carry out all responsibilities under this MOU unless the MOU is terminated. If the dispute cannot be resolved within 15 Working Days of initiating such negotiations or such other period as may be mutually agreed to by the Parties in writing, either Party may pursue its available legal and equitable remedies under California law. Disputes between MCP and DMC-ODS that cannot be resolved in a good faith attempt between the Parties must be forwarded by MCP and/or DMC-ODS to DHCS.

b. Unless otherwise determined by the Parties, the DMC-ODS Liaison must be the designated individual responsible for receiving notice of actions, denials, or deferrals from MCP, and for providing any additional information requested in the deferral notice as necessary for a medical necessity determination.

c. MCP must monitor and track the number of disputes with DMC-ODS where the Parties cannot agree on an appropriate place of care and, upon request, must report all such disputes to DHCS.

d. Until the dispute is resolved, the following provisions must apply:

- i. The Parties may agree to an arrangement satisfactory to both Parties regarding how the services under dispute will be provided; or
- ii. When the dispute concerns MCP's contention that DMC-ODS is required to deliver SUD services to a Member and DMC-ODS has incorrectly determined the Member's diagnosis to be a diagnosis not covered by DMC-ODS, MCP must manage the care of the Member under the terms of its contract with the State, including providing or arranging and paying for those services until the dispute is resolved.
- iii. When the dispute concerns DMC-ODS's contention that MCP is required to deliver physical health care-based treatment, or to deliver prescription drugs or laboratory, radiological, or radioisotope services required to diagnose, DMC-ODS is responsible for providing or arranging and paying for those services until the dispute is resolved.

e. Nothing in this MOU or provision constitutes a waiver of any of the government claim filing requirements set forth in Title I, Division 3.6, of the California Government Code or as otherwise set forth in local, State, or federal law.

14. MHP Dispute Resolution

a. The Parties must agree to dispute resolution procedures such that in the

event of any dispute or difference of opinion regarding the Party responsible for service coverage arising out of or relating to this MOU, the Parties must attempt, in good faith, to promptly resolve the dispute mutually between themselves. The Parties must document the agreed-upon dispute resolution procedures in policies and procedures. Pending resolution of any such dispute, MCP and MHP must continue without delay to carry out all responsibilities under this MOU unless the MOU is terminated. If the dispute cannot be resolved within 15 Working Days of initiating such negotiations, either Party may pursue its available legal and equitable remedies under California law. Disputes between MCP and DMC-ODS that cannot be resolved in a good faith attempt between the Parties must be forwarded by MCP and/or DMC-ODS to DHCS.

b. Disputes between MCP and MHP that cannot be resolved in a good faith attempt between the Parties must be forwarded to DHCS via a written "Request for Resolution" by either MHP or MCP within three business days after failure to resolve the dispute, consistent with the procedure defined in Cal. Code Regs. tit. 9, § 1850.505, "Resolutions of Disputes between MHPs and Medi-Cal Managed Care Plans" and APL 21-013. Any decision rendered by DHCS regarding a dispute between MCP and MHP concerning provision of Covered Services is not subject to the dispute procedures set forth in the Primary Operations Contract Exhibit B, Section 1.21 (Contractor's Dispute Resolution Requirements);

c. A dispute between MHP and MCP must not delay the provision of medically necessary SMHS, physical health care services, or related prescription drugs and laboratory, radiological, or radioisotope services to beneficiaries as required by Cal. Code Regs. tit. 9, § 1850.525;

d. Until the dispute is resolved, the following must apply:

- i. The Parties may agree to an arrangement satisfactory to both Parties regarding how the services under dispute will be provided; or
- ii. When the dispute concerns MCP's contention that MHP is required to deliver SMHS to a Member either because the Member's condition would not be responsive to physical health care-based treatment or because MHP has incorrectly determined the Member's diagnosis to be a diagnosis not covered by MHP, MCP must manage the care of the Member under the terms of its contract with the State until the dispute is resolved. MHP must identify and provide MCP with the name and telephone number of a psychiatrist or other qualified licensed mental health professional available to provide clinical consultation, including consultation on medications to MCP provider responsible for the Member's care; or
- iii. When the dispute concerns MHP's contention that MCP is required to deliver physical health care-based treatment of a mental illness, or to deliver prescription drugs or laboratory, radiological, or radioisotope services required to diagnose or treat the mental illness, MHP is responsible for providing or arranging and paying for those services until the dispute is resolved.

e. if decisions rendered by DHCS find MCP is financially liable for services, MCP must comply with the requirements in Cal. Code Regs. tit. 9, § 1850.530.

f. The Parties may agree to an expedited dispute resolution process if a Member has not received a disputed service(s) and the Parties determine that the

routine dispute resolution process timeframe would result in serious jeopardy to the Member's life, health, or ability to attain, maintain, or regain maximum function. Under this expedited process, the Parties will have one Working Day after identification of a dispute to attempt to resolve the dispute at the plan level. All terms and requirements established in APL [21-013](#) and BHIN [21-034](#) apply to disputes between MCP and MHP where the Parties cannot agree on the appropriate place of care. Nothing in this MOU or provision must constitute a waiver of any of the government claim filing requirements set forth in Title I, Division 3.6, of the California Government Code or as otherwise set forth in local, state, and federal law.

g. MHP must designate a person or process to receive notice of actions, denials, or deferrals from MCP, and to provide any additional information requested in the deferral notice as necessary for a medical necessity determination.

h. MCP must monitor and track the number of disputes with MHP where the Parties cannot agree on an appropriate place of care and, upon request, must report all such disputes to DHCS.

i. Once MHP receives a deferral from MCP, MHP must respond by the close of the business day following the day the deferral notice is received, consistent with Cal. Welf. & Inst. Code § 14715.

j. Nothing in this MOU or provision constitutes a waiver of any of the government claim filing requirements set forth in Title I, Division 3.6, of the California Government Code or as otherwise set forth in local, State, or federal law.

15. Equal Treatment. Nothing in this MOU is intended to benefit or prioritize Members over persons served by DMC-ODS/MHP who are not Members. Pursuant to Title VI, 42 United States Code Section 2000d, et seq., DMC-ODS/MHP cannot provide any service, financial aid, or other benefit, to an individual which is different, or is provided in a different manner, from that provided to others provided by DMC-ODS/MHP.

16. General.

a. MOU Posting. MCP and DMC-ODS/MHP must each post this executed MOU on its website.

b. Documentation Requirements. MCP and DMC-ODS/MHP must retain all documents demonstrating compliance with this MOU for at least 10 years as required by the Medi-Cal Managed Care Contract, MHP Contract and the DMC-ODS Intergovernmental Agreement. If DHCS requests a review of any existing MOU, the Party that received the request must submit the requested MOU to DHCS within 10 Working Days of receipt of the request.

c. Notice. Any notice required or desired to be given pursuant to or in connection with this MOU must be given in writing, addressed to the noticed Party at the Notice Address set forth below the signature lines of this MOU. Notices must be (i) delivered in person to the Notice Address; (ii) delivered by messenger or overnight delivery service to the Notice Address; (iii) sent by regular United States mail, certified, return receipt requested, postage prepaid, to the Notice Address; or (iv) sent by email, with a copy sent by regular United States mail to the Notice Address. Notices given by in-person delivery, messenger, or overnight delivery service are deemed given upon actual delivery at the Notice Address. Notices given by email are deemed given the day following the day the email was sent. Notices given by regular United States mail, certified, return receipt

requested, postage prepaid, are deemed given on the date of delivery indicated on the return receipt. The Parties may change their addresses for purposes of receiving notice hereunder by giving notice of such change to each other in the manner provided for herein.

d. Delegation. MCP and DMC-ODS/MHP may delegate its obligations under this MOU to a Fully Delegated Subcontractor or Partially Delegated Subcontractor as permitted under the Medi-Cal Managed Care Contract, provided that such Fully Delegated Subcontractor or Partially Delegated Subcontractor is made a Party to this MOU. Further, the Parties may enter into Subcontractor Agreements or Downstream Subcontractor Agreements that relate directly or indirectly to the performance of the Parties' obligations under this MOU. Other than in these circumstances, the Parties cannot delegate the obligations and duties contained in this MOU.

e. Annual Review. MCP and DMC-ODS/MHP must conduct an annual review of this MOU to determine whether any modifications, amendments, updates, or renewals of responsibilities and obligations outlined within are required. MCP and MHP must provide DHCS evidence of the annual review of this MOU as well as copies of any MOUs modified or renewed as a result.

f. Amendment and Modifications. Any matters of this Agreement may be modified from time to time by the written consent of all the parties without, in any way, affecting the remainder. Notwithstanding the above, changes to the MOU, as needed, to accommodate changes in the law and state-mandated requirements related to mental health and substance use disorder treatment services be made with the written approval of DMC-ODS/MHPs Department of Behavioral Health Director, or designee, and MCP through an amendment approved by DMC-ODS/MHPs County Counsel and the Auditor-Controller/Treasure-Tax Collector's office. However, this MOU is deemed automatically amended or modified to incorporate any provisions amended or modified in the Medi-Cal Managed Care Contract, DMC-ODS Intergovernmental Agreement, the MHP Contract, and subsequently issued superseding APLs, BHINs, or guidance, or as required by applicable law or any applicable guidance issued by a State or federal oversight entity.

g. Insurance. Each party shall insure its activities in connection with this Agreement and maintain at all times insurance in coverage and limit amounts reasonably necessary to protect itself against injuries and damages arising from the acts or omissions caused by each party, their respective Boards, officers, employees and agents in the performance of this Agreement. This insurance requirement may be satisfied through a program of self-insurance, or insurance coverage afforded to public entities through a Joint Powers Authority (JPA) risk pool.

h. Governance. This MOU is governed by and construed in accordance with the laws of the state of California.

i. Independent Contractors. No provision of this MOU is intended to create, nor is any provision deemed or construed to create any relationship between DMC-ODS/MHP and MCP other than that of independent entities contracting with each other hereunder solely for the purpose of effecting the provisions of this MOU. Neither DMC-ODS/MHP, MCP, nor any of their respective contractors, employees, agents, or representatives, is construed to be the contractor, employee, agent, or representative of the other.

j. Separate Agreement. It is mutually understood by the parties that this Agreement does not, in any way, create a joint venture among the MCPs. By execution

of this Agreement, MCPs understand that a separate Agreement is formed between each individual MCP and County.

k. Addition/Deletion of Providers. The County reserves the right at any time during the term of this Agreement to add MCPs to and remove MCPs from the list contained on Exhibit A. It is understood that any such additions and removals will not affect compensation paid to the other MCPs, and therefore such additions and removals may be made by County without notice or approval of other MCPs under this Agreement. The County's DBH Director, or designee, may remove a MCP from the agreement where there is mutual written consent between the DBH Director and MCP.

l. Counterpart Execution. This MOU may be executed in counterparts signed electronically, and sent via PDF, each of which is deemed an original, but all of which, when taken together, constitute one and the same instrument.

m. Termination without Cause. The County may terminate this Agreement by giving at least thirty (30) days advance written notice to the MCP.

n. Superseding MOU. This MOU constitutes the final and entire agreement between the Parties and supersedes any and all prior oral or written agreements, negotiations, or understandings between the Parties that conflict with the provisions set forth in this MOU. It is expressly understood and agreed that any prior written or oral agreement between the Parties pertaining to the subject matter herein is hereby terminated by mutual agreement of the Parties.

(Remainder of this page intentionally left blank)

The Parties represent that they have authority to enter into this MOU on behalf of their respective entities and have executed this MOU as of the Effective Date.

Data Elements

To the extent permitted under applicable law, the Parties must share, at a minimum, Member demographic information, behavioral and physical health information, diagnoses, assessments, medications prescribed, laboratory results, referrals/discharges to/from inpatient or crisis services and known changes in condition that may adversely impact the Member's health and/or welfare.
